MEMORANDUM FOR: National Foreign Intelligence Board Principals

FROM: Brig Gen Frank B. Horton III, USAF
Chairman, National Intelligence Council

SUBJECT: NIC Production Plan

1. Attached you will find a copy of the latest draft of the NIC Production Plan for review and comment. This edition includes a revised schedule of estimates developed after consultations with officers of the policy and intelligence communities. I believe that it contains a balanced mix to meet the needs of senior decisionmakers over the coming year, in consideration of NIC resources and the need to allow room for fast breaking additions to the list.

2. I would appreciate receiving your comments by COB 17 November 1986, if possible, and will assume that you concur if I do not hear from your office by that time. I may be reached at [redacted] if you wish to discuss any portion of the plan.

Very respectfully,

Frank B. Horton III
